

How to use this ruler

- Print onto an 8.5x11 inch piece of paper and cut it out.
- Wrap a ribbon, string, charging cable, belt, or even the edge of a towel around you in the places that need to be measured.
- Note the ending point on your ribbon (or whatever you're using)
- Use the paper ruler to measure to your end point!

Check for scale

Want to check that your ruler printed to the right scale? The box below should be the same size as a standard credit card.

The circle below should match the size of a US quarter
